McGarvey went a step farther on the impact of Cunningam, who has drawn inquiries from pro teams.

"Not only was it a psychological lift, but he gave us a lift for our game plan," McGarvey said. "We could do more things. In the first half we probed inside with Steve Hodges at fullback and it was successful. We knew we could run there and we came back to it with Cunningham."

Cunningham, voted the out-standing offensive player of the game, rushed for 68 yards in 16 carries. Of his two touchdown receptions, he said: "I wasn't the primary receiver on either one. On the first touchdown pass, I was supposed to detain a linebacker to help clear out an area. Things just opened up when nobody stayed with me."

Cunningham wore what he termed was an air splint over his left leg and ankle for support. He said he was shaky when he first went in, but felt fine after his first play.

"Cunningham didn't hurt us rushing, but he did coming out of the backfield to catch those passes," said Baker Coach Charlie Richard, who suffered his first loss as a head coach. "We flat out didn't cover him. Turnovers and the inability to get the ball into the end zone when we were down close beat us. But you have to give Jewell credit. They stopped us
