**NAIA DIVISION II QUARTERFINAL
PLAYOFF GAME**

Jackson Field
Alpine Texas

12:00 noon
Nov. 20, 1982

National Association of Intercollegiate Athletics

HARRY FRITZ, Executive Director

1221 Baltimore, Kansas City, Mo. 64105 — (816) 842-5050

The two teams participating in today's NAIA Division II football quarterfinal game earned this distinction by their rankings in the final regular-season poll conducted by the NAIA.

Division II quarterfinal games are being played today at three other sites with the winners advancing to the Division II semifinals on December 4. The 13th annual Division II championship game will be played on December 11.

Football is but one of 23 national championship programs conducted for men and women in the NAIA. National championship meets in cross country (men's and women's at Wisconsin-Parkside) and volleyball (women's at Regis) are also being held today. The NAIA men's soccer national championship tournament will begin next week at Midwestern State TX.

On behalf of NAIA's 526 member institutions, we thank all of those present for your loyal support which makes possible this splendid post-season event. It is our conviction that today's game will substantiate the NAIA belief that educationally-sound collegiate sports can help develop leadership, character and citizenship in the best democratic traditions of American higher education.

HARRY FRITZ

George Glass, Director of Athletics and track and cross country coach at Taylor University, Upland, Indiana, is serving as president of the NAIA Coaches Association for 1982-83.

A subsidiary of the NAIA, the NAIA Coaches Association includes more than 3,000 men's and women's coaches and is charged with responsibility for carrying on a program beneficial to the coaches of the Association.

NAIAC provides coaches in all sports with a strong voice in establishing rules and standards in each sport. The All-America Awards program is the responsibility of the Awards Committee, which is represented by the officers of NAIAC.

Dr. David Olson, Dean of the School of Physical Education at Pacific Lutheran University, Tacoma, Washington, is representing the NAIA National Executive Committee for the Division II football championship series.

Olson is serving as third vice-president of the NAIA for the 1982-83 academic year.

All NAIA championship meets, games and tournaments are under the direct supervision and control of the NAIA National Executive Committee.

The 11-person National Executive Committee is the governing body elected by membership of NAIA at the Annual Meeting of the organization. The National Executive Committee hires the Executive Director, who conducts the business of the organization from national headquarters in Kansas City, Missouri.

C. R. "BOB" RICHARDSON

President of Sul Ross State University

President C. R. "Bob" Richardson was appointed president of Sul Ross State University in 1976 after coming to the university in 1974 as vice president for Business Affairs.

A certified public accountant by profession, Richardson has been involved in education finance and management in Texas throughout his career which began in 1961 as an assistant state auditor assigned to college and university audits.

He worked for West Texas State University in Canyon until he joined the University of Texas Medical Branch at Galveston as assistant business manager and was later promoted to business manager. In 1970, he assumed the duties of associate dean for business affairs at the UT Medical School in Houston.

In 1972, when the UT Health Science Center at Houston was created, Richardson was named assistant vice president for business affairs and business manager of the center.

DR. CHET SAMPLE

Athletic Director and Chairman of the P. E. Department

Dr. Chet Sample, athletic director and chairman of the Physical Education Department, joined the faculty at the university in 1976 and was named department chairman and athletic director in 1977.

In 1972 Sample worked on his master's degree at Sul Ross and served as assistant basketball coach. He was head coach of the SRSU basketball team until this year when another basketball coach was hired in order for Sample to devote more attention to teaching and administration.

Sample was named TIAA Basketball Coach of the Year in 1978 and has served on the NAIA District 8 Executive Committee and is vice president of the basketball section of NAIA District 8.

JOE GEORGE

Head Football Coach

Joe George, head football coach, joined the faculty and coaching staff at Sul Ross in 1978 after spending four years at New Caney High School as head coach and athletic director.

He moved into the head football coach's position the next year, and during his first three seasons, posted a 19-11 record, moving the Lobos from the cellar into the conference title.

George, a 1966 graduate of Baylor University, played for the Bears and was a graduate assistant coach there while completing his master's degree in 1966-67.

DR. J. GORDON KINGSLEY

President of William Jewell College

Dr. J. Gordon Kingsley, 12th president of William Jewell, first came to the college as a teacher in 1960. He became director of special programs in 1969. In 1973 he was appointed associate dean, and in 1976 he was named dean of the college, a position he served until he assumed the presidency in 1980.

Before joining the Jewell staff in 1969, Dr. Kingsley was professor and coordinator of interdisciplinary studies at Kentucky Southern College.

He is a graduate of Mississippi College and holds a master's degree in English from the University of Missouri-Columbia. He earned bachelor of divinity and doctor of theology degrees from New Orleans Baptist Theological Seminary and has done post-doctoral work at Oxford University, Harvard University, Northwestern University, the University of Louisville and the National University of Ireland. Mercer University in 1980 awarded Dr. Kingsley the honorary doctor of humanities degree.

LARRY HAMILTON

Athletic Director

A 1961 graduate of William Jewell College, Larry Hamilton joined the Jewell staff as coach and teacher in 1967. In 1971 he was named director of men's athletics.

Hamilton previously held positions at Rockport, Mo., and Park College.

In addition to his post as athletic director, Hamilton has served as men's swim coach for the past 16 years. Under his direction, 48 swimmers have qualified for the national championships. In the last eight years, five swimmers earned All-American status.

Hamilton earned a master's degree from Central Missouri State University in 1967.

VIC WALLACE

Head Football Coach at William Jewell College

Head Coach Vic Wallace came to William Jewell two years ago from Texas Tech University, where he was an assistant coach. His experience includes nine years as a head high school coach, and he was twice Coach of the Year. He also held assistant coaching positions at Carroll College and Morningside College. In addition, Wallace has had experience as head wrestling coach, admissions representative, sports information director and physical education instructor.

He received his undergraduate degree in physical education and biology from Cornell College in 1975. He earned a master's degree in physical education from the University of Northern Iowa in 1970.

Under Wallace's direction, the Cardinals were 11-1-0 in 1981, losing their only game in the semifinal round of the national playoffs.

NAIA TIE BREAK PLAN FOR QUARTERFINAL AND SEMIFINAL FOOTBALL GAMES

If at the end of the fourth quarter, the teams have identical scores, the tie will be resolved in the following manner:

1. The NAIA Game Committeeman will designate the end of the field on which the overtime period(s) will be played.
2. The Game Committeeman, the Game Officials, and the respective team captains shall assemble at the 50 yard line following a three minute intermission at the conclusion of the fourth quarter. The referee shall conduct a coin toss and the visiting team captain shall be given the privilege of calling the coin while it is in the air. The winner of the toss shall be given his choice of ball possession or defense for the first overtime period.
3. Each team shall put the ball in play from its opponent's 20 yard line, first down and 10 yards to go.
4. Teams shall alternate possessions until the tie is broken following an equal number of possessions.

ALL OTHER OFFICIAL NCAA FOOTBALL RULES APPLY EXCEPT:

1. Each team is allowed one (1) timeout for each overtime period. Timeouts not used during regulation play may not be carried over into the extra period(s). Further, unused extra-period timeouts may not be carried over into additional extra periods.
2. The same end of the field will be used for both possessions in order to insure equal game conditions for both teams.
3. Each overtime period will include one possession by each team.
4. The loser of the coin toss for the first overtime period shall have the option of ball possession or defense to begin the second overtime period. Should there be additional overtime periods, the choice will be alternated between the teams.
5. No rest period, team conference, or coin toss shall be permitted following each overtime period.

The team scoring the greater number of points in the overtime period(s) shall be declared the winner. The final score shall be determined by totaling all points scored by each team during the regulation and overtime period(s).

THE NAIA CHAMPIONSHIP FOOTBALL PLAYOFF SYSTEM

DIVISIONS AND AREAS

Unlike basketball, where NAIA institutions compete in districts, NAIA football-playing members are classified according to Divisions — I or II. When the NAIA divided into divisions in 1970 member institutions at the time were given an opportunity to declare in which division they wished to compete. The NAIA Football Coaches Association Review Board has had the authority to rule on changes within divisions and an institution is required to spend at least two seasons in a given division once it is placed there. Within each division member institutions are arranged according to geographic areas. There are four such areas in each division.

RATERS AND RATINGS

Teams selected for participation in the playoffs are determined by weekly ratings of teams during a specified rating period through a season. Selected members of the NAIA Football Coaches Association submit a weekly rating of teams during this period which determines the participants in the postseason playoffs. Each division (I and II) is allocated 16 raters — four raters for each geographical area.

SELECTION OF TEAMS

- Institutions must declare their intent to participate in the NAIA championship program by September 15.
- Teams must be ranked in the top 12 in the final regular-season weekly rating in each division to be considered for the playoffs.

- The top-ranked team from each of the four geographical areas (in each division) within the top 12 in the final regular-season rating is automatically selected for the playoffs.

- the next four highest-ranked teams, regardless of geographic area, and not already selected, complete the eight-team field.

- No more than two teams from the same conference (within the same division) may be selected for the playoffs.

- Teams may be paired according to geographic proximity to each other for the first round (quarterfinals) and members of the same conference would play each other no later than the second round (semifinals).

- Teams with four or more non-winning games may not be selected for participation in the playoffs.

1982 PLAYOFF DATES

DIVISION II

Quarterfinals — Saturday, November 20
Semifinals — Saturday, December 4
Championship — Saturday, December 11

DIVISION I

Quarterfinals — Saturday, December 4
Semifinals — Saturday, December 11
Championship — Saturday, December 18

National Association of Intercollegiate Athletics

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics in 515 fully accredited four-year colleges and universities. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the Association.

PURPOSE AND HISTORY

Established in 1940 as the National Association of Intercollegiate Basketball, the NAIA (the name change coming in 1952) emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City, Missouri. The conversion of the NAIB to the NAIA in 1952 included the expansion of the program to include national championships in golf, outdoor track and field and tennis. Football, cross country, baseball and swimming were added to the ledger in 1956 and wrestling (1958), soccer (1959), bowling (1962-1978), gymnastics (1964), indoor track and field (1966), ice hockey (1968), volleyball (1969-1979), and Division II football (1970), are the most recent additions. The initial purpose of the NAIA — to provide national championship opportunities to colleges and universities competing below the so-called "major" level — has indeed been well served.

NAIA organizes and administers all areas of intercollegiate athletics at the national level, including rules and standards, and district and national sports competition.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the college. This means direct supervision in the matter of caliber of competition, financing of the athletics program, and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program must be a basic component of the overall general educational process within the institution, and not an entity apart.

The NAIA encourages a broad program of athletic pursuits in its member institutions, and making the program available to the greatest possible number of students. The national organization aims at uniformity and equity in policies and practices through its district and national tournaments and meetings.

Eligibility rules in the NAIA govern all play in all sports recognized by the Association, not just postseason tournaments, and must be adhered to by all members, including members holding dual affiliation with other associations.

HOW ADMINISTERED

The principal governance body of the NAIA is the Ex-

ecutive Committee, composed of 11 persons elected by the membership, and the Executive Director (ex-officio). This committee is responsible for establishing policies and determining the overall direction of the Association.

The NAIA is organized into 32 geographic districts spread over the 50 states and including two Canadian members. Each district is governed by a District Executive Committee, the chief officer of which is the District Chair. Representation on the District Executive Committee includes one committeeperson for each three active member schools, or major fraction thereof, in the district. The District Chair is elected for a three-year term by a vote of the active membership within the District.

The District is the basic unit of the NAIA. The District Executive Committee establishes a program of District championship events in the various sports. Individual and team District champions are certified to compete in Bi-District Area and / or National championships by virtue of winning the District event or by meeting qualifying standards established within the particular sport.

Women's Division — Effective August, 1980, the NAIA instituted a championship event program for women through its newly-established Women's Division. Nine championships for women were offered during 1980-81 and 1981-82. The NAIA decision to offer competitive opportunities and championship events for women followed two years of consideration by the membership and proposals developed by a committee on women's athletics. The general membership passed the proposal by mail vote in May, 1980.

MEMBERSHIP ELIGIBILITY

Any four-year, degree-granting college or university in the United States and Canada, fully-accredited by the member accrediting agencies or commissions of the Council on Postsecondary Accreditation, may become an active member. Institutions may become members of the NAIA at any time but schools sending in membership dues after the deadline of October 15 will not be considered as active members and will not be eligible to participate in District, Area and National events until the next eligibility reporting deadline following payment of dues. Those reporting deadlines are: October 15, February 1 and April 15.

OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletic programs to the standards of the regulatory Association in which they hold memberships, and the NAIA. They must pay the annual membership dues and be in support of the policies of the Association. Where institutional rules and standards are stricter than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.
