

# 1979—ENDING THE DECADE AS A CHAMPION

The 1979 Cardinals . . . A football team and staff that turned skeptics into believers. Despite young personnel and crippling injuries, the Cardinals were bound together with a sense of loyalty and comradeship. Yes, the students and community were electrified by the Cardinals ability to control their opponents with ball faking magic, aerial finesse and swarming, bone crushing tacklers. Newspaper, television and radio were echoing the sentiment that the RED RAGE was truly one of the best and a Champion.
