C.W. "CHUCK" HOWARD
Potentate
 Moila Temple
 St. Joseph, Missouri

It is indeed my privilege as Potentate of Moila Temple, to welcome each of you as spectators, and all of the fine young men and their coaches who will participate in this great game today, to Moila's First Annual Shrine Football Classic.

To those who have put forth a great deal of energy and for the excellent community support to make this game possible we give a special "Thanks".

I say to each of you, enjoy the game today, while we "Serve The Shrine In '79".

Travelers' Advisory:

**Spend the night
at a great restaurant and
we'll give you
\$1 towards dinner.**

When you stay at our Ramada Inn, you're also staying at a fine restaurant. And right now we're offering a little added incentive — spend the night at our Ramada Inn and we'll give you a great discount on your dinner.

Next time you stay at our Ramada, just have the front desk clerk validate this ad...and enjoy every good thing Ramada has to offer.

GET THE COOKING COMBINATION.

Get cooking with West Bend cookware when you open a Commerce Combination Account.

Now you can write checks, earn interest and collect West Bend cookware... all at the same time.

Just deposit \$250 or more in a new Commerce Combination Account. Then take your choice of this beautiful cookware featuring DuPont SilverStone®, the premium non-stick surface that makes clean-up easy while it resists chips and scratching.

The larger your deposit, the greater your selection. With additional deposits of \$50 or more, you can purchase other items at a substantial discount.

You'll love this decorator cookware. And you'll love your Commerce Combination Account.

It lets you write checks like a checking account, while your money earns 5¼% interest like a savings account.

Plus, when you keep a minimum of just \$1,500 in your account, *there are no monthly fees and no transaction charges.*

Compare that to what other banks charge for similar services. The advantages are obvious.

Get your money working for you, all the time, with the cooking combination: a Commerce Combination Account and West Bend Cookware.

Cookware offer also applies to other Commerce savings plans.

Offer expires 12/4/79
Limited one qualifying deposit selection per depositor.

Meet The TechAmerica Team. . .

***Med-Tech, Inc.
Dellen Laboratories, Inc.
Med-Leasing
RMI, Inc.***

We're Unique!

We're Unbeatable!

Four of the most trusted names in animal health have been brought together under one name, one corporate leadership, and one philosophy.

No other company in today's drug industry can boast of four companies "under one roof" that stand ready to service the veterinarian's entire practice needs.

Quality pharmaceuticals, equip-

ment, and supplies through Med-Tech. Tested and proven biologics from Dellen. Economical equipment leasing, Med-Leasing. Innovative product research, RMI, Inc.

By the end of 1979, TechAmerica will rank with the top three companies calling on veterinarians. This is no idol boast. We have the track record that says we know where we are going and how to get there. Born in 1971, two people big and

one company strong. Now, we are 190 people strong, 4 companies big, and maintaining an average growth rate of 70% a year.

TechAmerica—better products through research and technology. Better service through independent distributors.

We're the TechAmerica team. Here to stay. Here to be reckoned with.

The Shrine

The fraternal and philanthropic organization known as the Shrine has as its complete official title, The Ancient Arabic Order Nobles of the Mystic Shrine of North America. It was founded in 1872 in New York City, and there are now 181 Shrine Temples throughout North America with over 950,000 members.

Moila Temple is the Shrine Temple which has jurisdiction over North Missouri and is located in St. Joseph.

Membership in the Shrine is predicated on the member being a member of a Masonic Lodge and also being a member of either the York Rite or the Scottish Rite before he would be eligible to belong to the Shrine. The membership in Moila Temple is in excess of 5,200 members. In addition to their colorful ceremonies and parades and the fraternal fellowship that they derive from their membership, the Shriners have a far greater goal in their organization and that is what is termed the World's Greatest Philanthropy, the Shriners Hospital for Crippled Children. There are 18 of these Orthopedic Hospitals. There have been over 200,000 children that have been operated on, treated and cured for orthopedic problems since they were created. They are entirely a charitable institution and no patient or his parents or anyone can pay one cent for the care of the child once it has been accepted by the Shrine Hospitals for treatment. The only requirements for admission for a child to be treated in a Shrine Hospital is that it must be under 18 years of age, it must be sound mentally, and that parents could not afford to pay for such treatment in regular commercial hospitals and by physicians in commercial practice. All children are admitted without regard to race, creed or color and the hospital records of every individual does not contain any information pertaining to race, creed or color.

In addition, the Shrine adopted what is called the Burns Program in 1962 for the treatment of burned

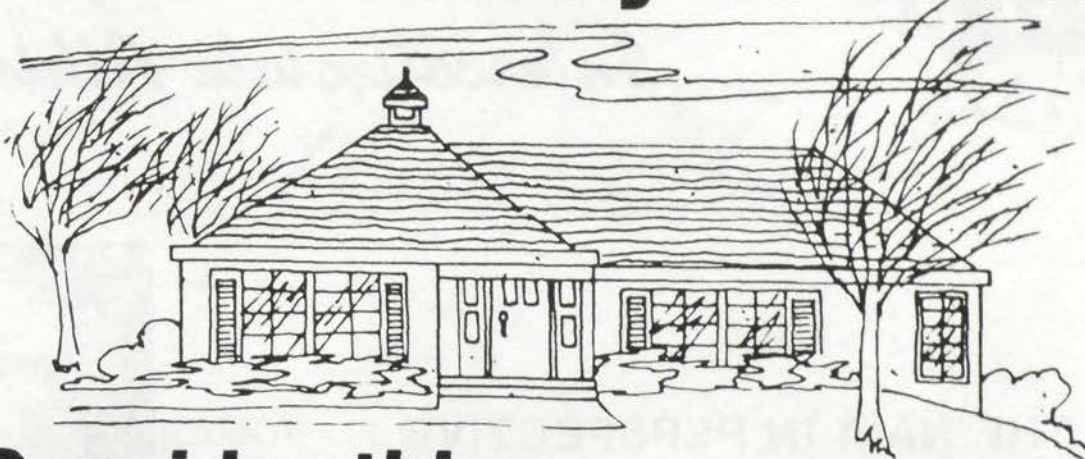

children. There are three of these Burns Hospitals or Burns Institutes as they are called. Their purpose is not only to treat children who have been burned on some area of their body, but a great portion of each of these Burns Institutes is devoted to Burn Research, to investigate and adopt new and better treatments of burn conditions. When the Shrine adopted this Burns Program, it was because there was no specific research being accomplished in this particular phase of the medical field and it was felt that the Shrine could improve on its great philanthropy in treating and curing orthopedic problems of children by adding this Burns Program to their great work.

Through the research that has been done in these Burns Institutes since 1962, great strides have been accomplished in the treatment of burned patients. With the fatality percentage dropping by as much as 50 per cent on severely burned children. Much more is anticipated in the next few years as additional research is done.

The annual budget for the operation of the 18 Orthopedic Hospitals and the three Burns Institutes for this year of 1979 was set at the annual meeting July 1979 at \$47,000,000. This sum of money comes from the annual dues that each Shriner pays, football games, circuses and activities that each Shrine Temple puts on plus bequests from legacies of not only Shriners, but the general public who have discovered that this is a fully charitable program without one cent going for overhead of the administration. The only expenses are the doctors and the nurses and the material and equipment to cure the children. There is no money received from the Federal Government, State or Local Government for their operation as it is wholly Shrine operated program. Shriners are therefore proud of the plaque that is in the lobby of each of the hospitals which reads, "Erected to God and all humankind regardless of race, creed or color this hospital is dedicated." It is truly the world's greatest philanthropy.

GOOD LUCK GRIFFONS FROM THE EDER SALES TEAM

Before You Buy Or Sell...

Consider this...

There is only one realtor in St. Joseph that's Number 1. Eder Realtors. More than 25 years experience, more residential sales and more professional realtor service makes Eder Realtors the obvious choice in finding your home.

**Vanguard
Home
Warranty**

A full year's protection from major home systems failure on previously owned homes. Available only from Eder Realtors.

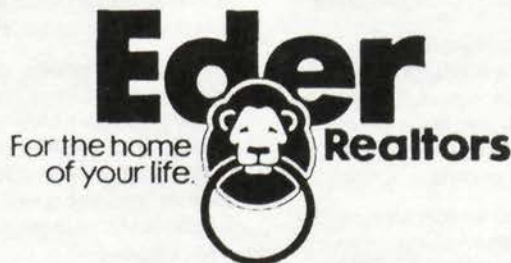

MEMBER

RELO

National Association of Intercollegiate Athletics

THE NAIA IN PERSPECTIVE

HARRY FRITZ
EXECUTIVE DIRECTOR

The basic concept upon which the philosophy of the NAIA is focused is that the intercollegiate athletics program of member institutions should be an integral part of the total educational program, subject to the same aims, policies and objectives as are other departments and programs.

The total intercollegiate program must be the full responsibility of the President and his administrative staff who must be in full control of the financial policies and procedures which govern the athletics program. A sound athletics program should be sponsored with the basic intent of providing the benefits of participation in athletics to as many students as possible. Gate receipts, although often essential, should not be the primary criterion for judging the success of the intercollegiate athletics program. Intercollegiate athletics must continually justify its full membership in the educational family of the member institution and, with proper administration, provide benefits to the athlete and the institution that are commensurate with this status and financial support.

For those institutions wishing to organize and administer intercollegiate athletics as a part of the total educational program, NAIA was established to provide opportunities for inter-institutional competition at the highest level of ability. National, district and area recognition is available through a program of 15 national championship events.

Academic policies have been adopted which assure that NAIA student-athletes first fulfill their responsibilities as students. Competitive eligibility must be completed within five years of attendance. The NAIA has adopted rules and standards which require that a student-athlete be fully eligible in every intercollegiate contest in which he competes for his

institution. This stringent academic requirement is unique among organizations administering intercollegiate athletics on the national level.

The NAIA is organized so that the major responsibility for the administration of rules and standards lies within the thirty-one districts through a carefully selected District Eligibility Committee. Similarly, the thirty-one District Executive Committees have the major responsibility for administering a broad district participation program, consistent with nationally adopted policies.

The national events program structure makes it possible for any qualified member institution to compete in these events. However, income from all national events, as well as all other income, is used for the benefit of the total program and, secondly, for the benefit of the individual institutions that participate in national events. Consequently, member institutions have a responsibility to give preference to the NAIA program in their consideration of participation in post season or national events.

The philosophy of the NAIA is geared to those colleges and universities of moderate enrollment that administer their varsity sports programs on a sound educational and financial basis. The NAIA is not in competition with any other organization and seeks to support and compliment those with similar philosophies and goals. The test of the soundness of the NAIA philosophy is the continually growing strength of the organization.

The NAIA membership currently includes 520 four-year, fully accredited, degree-granting institutions, plus 40 affiliated conferences.

Congratulations
to
Moila Temple
