yellowjackets
football 1981

A strong athletic program aimed at excellence has long been a part of the Graceland tradition. The shaping of young men and women who will be winners, on or off the athletic field, is at the forefront of the college's purpose. With a wholistic approach to learning, Graceland's curriculum is based on the tenet that all aspects of life - intellectual, spiritual, and physical must be incorporated into the college experience. This implies that not only athletics, but also classroom experiences, religious life, and an exposure to cultural and social events must play an integral role in preparing the students to meet the challenges of the future.

We take pride in Graceland and in what it has to offer those who seek learning here. We hope that as you visit with us you will take the time to discover the beauty of our campus, the warmth of our people, and the quality of our educational program.

Joe E. Hanna
Dr. Joe E. Hanna
President

College athletics are the most exciting and most challenging form of sports competition in this country. I look toward the athletic program at Graceland with great pride. The objective, here at Graceland, is excellence and our athletic program is no exception.

Athletics at Graceland are part of the educational program of the college. We believe that an athletic program in which the participants are serious students will produce strong and competitive teams. Graceland promotes this type of attitude.

Everyone wants to get involved with Graceland athletics! Come join us! Be a part of the "Graceland Experience"

William "Duke" Dudek is now in his eighth year as Head Coach of the Yellowjackets. Duke, a 1965 Graceland graduate, took over the football mentor's job in 1973. Included in that space of time are one Heart of America Conference Tri-Championship, two second place runner-up seasons, a Bowl game, and an 8-2 season which was the best in Graceland's history as a four-year institution.

Duke's team has been ranked as high as number four in the nation during the regular season at two different times, fifth another time, and has finished the season in fourteenth and seventeenth place in the final season's polls. Since 1973 Graceland has produced six All-Americans, four Honorable Mentions and numerous All-Conference and All-District selections.

Duke was an outstanding athlete while a student at Graceland. He competed not only in football but track, basketball and baseball, earning thirteen letters.

Duke and his wife, Karen, are the parents of three children: Bill (10), Cari (8), and Kelly (6).
